

What is claimed is:

1. A plumb bob bracket, comprising:
a first leg;
a second leg attached to the first leg at an angle; and,
a plumb bob attached to the plumb bob bracket by a
string.
2. The plumb bob bracket of claim 1, wherein said first
leg comprises a first flat panel and a second flat plat panel
attached to said first flat panel at a right angle.
3. The plumb bob bracket of claim 2, wherein said second
leg comprises a third flat panel and a fourth flat panel
attached to said third flat panel at a right angle.
4. The plumb bob bracket of claim 2, further comprising a
bar member attached to said first flat panel at one end and
said third flat panel at a second end.
5. The plum bob bracket of 4, further comprising a
plurality of apertures disposed in said first flat panel and
the third flat panel.
6. The plumb bob bracket of claim 5, further comprising a
plurality of fastening means securing said plumb bob bracket
through said apertures.

7. The plumb bob bracket of claim 1, wherein said plumb bob includes a laser beam producing means.

8. The plumb bob bracket of claim 1, wherein said angle is 90 degrees.

9. The plumb bob bracket of claim 1, wherein said angle is 45 degrees.

10. In combination with a first stud wall and a second stud wall each having an upper beam, a lower beam, and a plurality of vertical beams therebetween, a plumb bob bracket, comprising:

- a first leg;

- a second leg attached to the first leg at an angle;

- a plumb bob attached to the plumb bob bracket by a string, wherein said first leg comprises a first flat panel and a second flat plat panel attached to said first flat panel at a right angle;

- wherein said second leg comprises a third flat panel and a fourth flat panel attached to said third flat panel at a right angle; and,

- a bar member attached to said first flat panel at one end and said third flat panel at a second end.
